Subject: URGENT - Accelerated Timeline Review - MDS PA 33 Amendment 1
Importance: High

Dear Team:
As discussed at yesterday's meeting - here is the Amendment to PA 33 to allow them to have the project team meeting and to make some minor changes (project manager, extension of time on milestones/deadlines and added funds to budget for travel expenses).

I spoke with Val last night regarding the exact date for the the meeting and I was wrong about the date - it is **NOT** going to take place with the MDS meeting at mid month. **This meeting is actually set for 12/4/03.**

I apologize for not having this in blackline, I forgot to save it as a blackline before accepting my changes and saving as a final. I have highlighted the areas changed and inserted comments for you to reference what was in the original or where I thought you might have a question.

Can we commit to having this final from all parties no later than next week??? Do we need to discuss?

Please let me know ASAP.
